Grand Prairie Events in Luverne, Minnesota is locally owned and operated by Mike and Wanda Jarchow. Since its opening in the Fall of 2016, it has been the venue of choice for numerous local area events. When big things happen in Luverne, Grand Prairie Events is honored to be there when needed. From the successful Women's Expo, to the 2018 Governor's Pheasant Opener, Grand Prairie Events has been there to meet the need.

Since our beginning in 2016, Grand Prairie Events has

been host to wedding ceremonies, wedding receptions, funerals, funeral visitations, annual meetings, planning meetings, board meetings, auctions, fundraisers, banquets, graduations, birthday parties, Christmas parties, reunions, community service endeavors, ministry events, concerts, and more. We not only serve the local area, but have been available to entities throughout the tri-state region when a venue was needed in Rock County.

The Grand Prairie Events facility has state-of-the art

audiovisual technology capabilities with Wi-Fi access. The venue provides a welcoming entryway, pre-function area, four meeting room spaces with warm earth tone colors, chandelier lighting with dimming options, brick accents, and multiple bathrooms. The 11,500 square foot building can accommodate groups from 20 to 500+.

Our vision from the beginning was to invest in the community by providing a spacious event venue to not only bring people to Luverne but also provide the

convenience of a beautiful space to help keep events in Luverne.

When you have an upcoming event, whether big or small, Grand Prairie Events will be there for you. Our goal is to make it special. When it matters to you, it matters to us.

When planning your next special event, consider Grand Prairie Events! We would welcome the opportunity to serve you!

Sincerely, Mike and Wanda Jarchow

About us

Our funeral home has been serving the southwest Minnesota region for nearly 30 years. In 1984 Randy and Cindy Hartquist moved their family to Pipestone and purchased the Lindquist Funeral Home. They also managed the Foster Chapel in Jasper. In 2004, their son, Jeff, joined the family profession. At this time his parents and he and his wife, Sara, purchased the Engebretson Chapel in Luverne. In December 2012, Jeff and Sara purchased the funeral homes from Randy and Cindy, making their chapel in Luverne Rock County's only locally family-owned-and-operated funeral home. The Hartquist family will strive to continue as a leader in funeral service in southwest Minnesota through embracing their mission statement with every family they are privileged to serve.

Our Mission Statement

Our mission is to professionally serve every family with the dignity, care and compassion as if they were our own. We intend to exceed each family's expectations by creating a meaningful experience to reflect the life of their loved ones.

Through service to families and our communities, we hope to develop relationships for generations to come and build on the pride we take in our reputation.

Prearranging your funeral, a gift to your family.

A funeral is not a day in a lifetime, but a lifetime in a day. We offer a variety of service options for families and we take whatever time needed to educate and record their wishes at no cost. As funeral homes in the Rock County area have changed over time, be sure you are still satisfied with the quality of service you should receive. Minnesota law requires that all prearrangements and funding thereof are 100% transferable.

Coffey Contemporary Arts (CCA) is a non-profit arts exhibition and education facility opened by Cody and Nicole Henrichs in 2017.

Lord Grizzly Gallery, situated at the front of CCA's Main Street entrance, features the work of

contemporary artists from around the world. Shows on exhibition typically rotate out every 6-8 weeks. Because part of CCA's mission is to expand cultural involvement and exposure of the arts in our community, the gallery hours, artist talks and receptions at CCA are always

free and open to the public.

Throughout the year CCA also hosts a variety of classes for artists of all ages and abilities, and partners with local organizations to host special groups.

Whether you are an art connoisseur or just curious you are welcome any time!

From new homes, garages, fellowship halls, offices, pole buildings, farm shops, cattle barns, remodels, twin homes (or whatever our clients want built), we have the crew to get it done.

Cleveringa Construction is also transitioning to the next generation as current employees Adam Uithoven and Derek Sandbulte prepare to take over the business from founders Merlin and Carol Cleveringa.

All the full- and part-time employees of Cleveringa Construction are very dedicated to their jobs. Their work is above and beyond what customers expect, assuring them a successfully completed project.

“As the business transition takes place, we want to thank all of our first-time and repeat customers and extend a hand to new customers as Cleveringa Construction moves forward.

The Good Lord has blessed us very well. Remember to give thanks for all you have.” - Merlin and Carol Cleveringa

At Connell Car Care we sell the best used cars and trucks available and we service what we sell. Under our full service philosophy we inspect, service and repair all vehicles that come through our inventory. When you buy from Connell Car Care, you buy with complete confidence. We will be here to back that sale up locally, just like great-great-grandpa Henry used to do.

We are also a Cooper Tire dealer, but we sell many different brands of tires. We also repair drivability issues, transmissions, engines, brakes, wheel alignments, and electrical problems. If it isn't working correctly or not at all, we can fix it.

As sales of foreign cars increase in our area, it is important to us to be able to repair these cars and trucks for our customers. Connell Car Care has invested in the diagnostic equipment it takes to perform repairs on these vehicles. Our technicians are second to none when it comes to knowledge and skill.

We are the home of "pre-inspected, quality pre-owned cars and trucks and affordable professional sales and service."

There's motor oil in their veins!

(or so it would seem with six generations in the automobile business.)

www.connellcar.com

Front Row: Thomas Sterrett, Greg VandeVelde, Zac Barton, Back Row: Derick Richters, Dan Meinerts, Jesse Connell, Terry Connell

Connell Car Care, under the ownership of Terry and Chantel Connell has been a part of the Rock County automobile business for 39 years. However, the Connell family involvement with automobiles dates back to 1907, when the first cars with steering wheels were introduced. The Connell legacy started with great-great grandpa Henry Bierkamp at Home Automobile Company in Luverne. Now 113 years later, our expert sales and service staff are still at it.

Put your trust in us!

Our staff is highly qualified in both sales and service. Our staff brings more than 130 years of experience to work for you every day. In addition to the inventory we sell, we service all domestic and foreign cars and trucks. At Connell's we make every effort to fix your vehicle correctly the first time. We want you to be a customer for life.

COUNTRY CUPBOARDS OF LUVERNE, INC.

Free in-home estimate from
COUNTRY CUPBOARDS OF LUVERNE
South of Luverne on Highway 75
507-283-8176
countrycupboardsinc@gmail.com

Your home can be inviting, attractive and yet functional. Country Cupboards is able to design and build a beautiful wall of cabinets that could function as an entertainment center, a library and an office, all in one. As a cabinet shop, Country Cupboards takes pride in creating unique cabinetry to enhance the beauty of your home.

Country Cupboards was started by Roger VanBatavia in 1977. Steve Heitkamp started working for VanBatavia in May of 1978 and he started managing the business in 1986. In 1993 he bought the business from VanBatavia. The company is located just south of Luverne on Highway 75.

Country Cupboards employs nearly 20 people dedicated to creating products they are proud of — whether an entire home or a single cabinet. Their best advertising is a recommendation from a satisfied

customer, and they truly understand that.

Country Cupboards works with many species of wood — oak, birch, maple and alder are some of the most popular choices.

Countertops have come a long way, with many colors and styles available. The most popular in recent years is the HD series from Wilsonart, said to be three times as durable as regular laminate.

Country Cupboards also deals with hard-surface countertops such as Cambria, Granite and Corian.

There are many new and innovative products available for use in the kitchen. Undermount sinks are available to be installed in laminate countertops, creating a smooth, clean transition from countertop to sink. Suspended seating around islands in the kitchen is a great idea to make cleaning easier. Cabinet handles have become the jewelry of kitchens; hardware comes in many different finishes and styles to personalize your cabinets.

Call Country Cupboards to discuss ideas for your home.

We do custom cabinets for kitchens, bathrooms, bars, entertainment centers, fireplaces — almost anything

MLSMULTIPLE LISTING SERVICE

DEN HERDER CONSTRUCTION, INC.

For nearly 30 years, Den Herder Construction Inc. has been improving the quality of living for local communities ... one family at a time, one finely built home at a time.

Brothers Jim and Cal Den Herder launched their business in 1988, and since then, their résumé has grown to include a long list of beautiful houses. Along with it,

their reputation for excellence at a fair price has grown to rival the best in the industry.

"We view home building as both an art and a science," Jim Den Herder said.

"There are complicated pieces that are so important in and of themselves. For example, the electrical and heating are tied together by the framework and

insulation. We pay attention to all these pieces individually but always keep a broader view of how they work together."

He said it's rewarding to work with homeowners on original ideas.

"We do like to be creative," Jim said. "I have no problem with the gals coming to me with a picture and asking if we can do that. We like to make it happen."

Four Way Insulation is a full-service insulation contractor, offering affordable, technologically advanced insulation options for your residential, agricultural or commercial buildings.

They use a variety of different products to insulate walls, attics, roofs, crawl spaces and much more. Using products like closed-cell spray foam, stabilized cellulose, and different types of fiberglass, they can put together the right package for you. Whether you are building new or remodeling, Four Way Insulation has the knowledge and experience to insulate your building properly.

In 1986 the Schutt family started Four Way Roofing and Insulation in Hospers, IA. Patrick and Angela Swyter bought out the insulation portion of the business in 2008, and it made its permanent move to Luverne in 2012. The Four Way name has a 30-year history of quality products installed by experienced contractors. Their track record has made them a preferred partner with general contractors throughout Northwestern Iowa, Eastern South Dakota, and Southwestern Minnesota.

Patrick and Angela Swyter, the owners of Four Way Insulation, have lived in Luverne for several years, along with their four girls. Angela (Fransman) is originally from the Luverne area, which made this a great place to have their headquarters. Their new shop is located at 903 South Walnut Avenue, just north of Papik Motors.

With land values having downward pressure, expert marketing services are more important than ever! While land values have moderated some, not all land values decrease at the same level. Better ground has not declined as far as land with quality issues. As a result, some farms in private sales are being undersold.

The team of Bill Korth and Bill Weber brings decades of experience to the deal. They both have years of appraisal and real estate sales experience, and Korth brings the added background in farming and auctioneering experience.

“People need to know that when they get us to sell their farms, we do everything from start to finish — and that includes the closing,” Korth said.

Jensen Management Service, Inc. is a multi-service firm offering professional assistance in the residential, agricultural and commercial real estate fields.

Korth and Weber handle all those details, from visiting with the Natural Resource Conservation Service for wetland determination, consulting with the landowners’ attorney for potential easements and deed preparation to ensure that all paperwork is done in time for the closing. “The fact that we do a lot beforehand with the informational booklets for prospective buyers makes things run smoothly for the sale,” Korth said.

He said communication with those buyers continues through the day of the sale, at no extra cost to the seller. “It all adds up to the fact that sellers are getting a lot for their money when they hire us for the job.”

KOZLOWSKI INSURANCE AGENCY & FINANCIAL SERVICES INC.

Kozlowski Insurance Agency & Financial Services Inc. is an independent agency with offices in Luverne and Pipestone. They offer products from various companies to meet insurance needs in a variety of areas.

They include auto, home, farm, hail, multicrop, motorcycle, recreational vehicles (campers-boats-snowmobiles), business, commercial, workers compensation, umbrellas, special risks, disability insurance, life insurance, individual health, group health, Medicare supplements, bonds, IRAs, fixed annuities, and pension plans.

Owners are Jon and Shelly Kozlowski with eight sales representatives, six customer service representatives and a mar-

keting assistant in the Pipestone office.

"Our company thrives on doing the best for our customer," Jon Kozlowski said.

"The most rewarding thing about doing business in our communities is the relationships we make and have with our customers."

Shirley Top, sales representative, Sara Van Nieuwenhuizen, sales representative and customer service representative, and Ashley Connell, sales representative and customer service representative, are in the Luverne branch.

Kozlowski Insurance and Financial Services Inc. was originally Pipestone Professional Services, started in 1970.

In 1987, the company name was changed to its present Kozlowski Insurance Agency and Financial Services Inc.

In 2000, Kozlowski Insurance Agency established a branch office in Luverne, presently on Highway 75.

The company specializes in all lines of insurance working with various insurance companies.

"Kozlowski Insurance is dedicated to service and price the customer deserves when it comes to their insurance and financial needs," Kozlowski said.

KATIE HEMME'S STORY

A Donor Advised Fund Profile

"How a Donor Advised Fund was a vehicle to save on taxes and be a benefit to the community when faced with selling the family farm."

The decision to sell my farm in Rose Dell Township and the actual sale all happened in less than six months. There were a lot of important decisions to be made in a short time. I stopped in the LACF office to discuss with Emily some ways to reduce the tax liability from the land sale. The Century Farm was my home for over 45 years, my husband had lived there his entire life and his parents and grandparents had lived in Rock County their entire lives. I felt the money saved from the tax liability could be

put to better use by investing it in the community through a Donor Advised Fund at the Luverne Area Community Foundation.

In addition to the tax deduction savings, my Donor Advised Fund or DAF allows for flexibility in contributions to the charities I support. I can support the community through the grants LACF offers and other charities of my choosing. The fund also provides a means to leave a legacy of giving even after death, as my favored charities will continue to benefit from this fund through the LACF.

GIVE WHERE YOU LIVE is on the LACF office window. Although I have walked by that window many, many times, I never really understood the opportunities of charitable giving and contributions to the community available through LACF.

A visit with Executive Director, Emily Crabtree, described for me and answered my questions about the opportunities and options available to me for charitable giving through a Donor Advised Fund.

The process is simple and easy and the assistance and service provided is excellent. I am confident that my investment in my community through LACF will provide dividends far beyond my expectations.

—Katie Hemme

LAROCK FAMILY STORY

A Donor Advised Fund Profile

"Family planning with a Donor Advised Fund helps create a tradition of charitable giving."

Marie and I (Dan) wanted to demonstrate to our children, Luke, Allie and Zach, that charitable giving is important and necessary in this region and in our world. We believe we are called to give and share our resources as a way to demonstrate a commitment to our Christian faith. There are so many great causes, and so many who are doing great works in the world; we want to support that work.

A Donor Advised Fund just makes sense financially. If a family is planning to make gifts to charities which will sum total more than \$5,000 in any calendar year, why not just write one check for the entire amount and draw off of it during the year? We used

to write a lot of checks to individual charities. Now, we can just request that a gift be sent from our DAF through LACF to those same charities and it's handled for us. The DAF simplifies our charitable giving administratively.

We hope that our children will one day see the investment we made as a very normal part of their daily lives. We don't want it to be exceptional or seen as generous in any way. We hope the idea of giving to those in need comes as naturally to them as paying their mortgages or electric bills. Charitable need will always be a part of our society; we want this fund to become a frequently used conduit through which our children, and their children, can channel support to those in need.

We want others to know that opening a Donor Advised Fund at the Luverne Area Community Foundation is easy. It makes economic sense. It generates interest dollars which can help make your charitable giving go even further. It's a wise and efficient way to meet your charitable goals.

It's like having a savings account for giving to our favorite charitable causes.

—Dan LaRock

and thus help heal our own broken heart. We started to search options to remember our son and those in need. We wanted a way to help make Eric's life valid and productive not only in living but also in remembrance.

We began discussion about our thoughts with our children and their spouses. Emily Crabtree, LACF Executive Director, who is also our daughter-in-law, educated our family on a Donor Advised Fund as a vehicle to accomplish our desire and need for healing. We weren't looking for a tax shelter but a way to be a benevolent giver as we remember a generous loving person. We want our lives to be remembered as a giver rather than a taker. The DAF allows our entire family to be a part of the fund, not only in giving to it but also in the process of giving from it.

Do all the good you can
By all the means you can
In all the ways you can
In all the places you can
At all the times you can
To all the people you can
As long as you can
— John Wesley

ERIC CRABTREE MEMORIAL STORY

A Donor Advised Fund Profile

"Donor Advised Fund brings family together in memory of lost loved one."

November 4, 2015 changed our lives forever due to the untimely death of our son Dr. Eric Charles Crabtree. Through God's help we were determined to not allow our intense grief to govern our future here on earth. Adversity has a purpose and God wants to use us for His plan and the benefit of others.

Eric came from a family who believed helping others isn't a burden, rather an opportunity. The question for us became how do we heal, carry on, and help others. We wanted to attempt to heal and yet not forget our great love for Eric and the wonderful memories. In our life time we have found it very therapeutic to share gifts of time and money with others. No better feeling than giving from your heart to bring hope and health to others

DONOR ADVISED FUNDS ALLOWS FOR YEAR ROUND CHARITABLE GIVING

Grants given to charitable organizations through DAFs held at LACF \$19,505

A donor-advised fund, or DAF, is a charitable giving vehicle sponsored by the LACF that allows you to make a contribution to LACF and be eligible for an immediate tax deduction.

- But because your account is a donor-advised fund, you advise the organization on how to grant the money out to your favorite charities.

- We have options for your DAF to be a cash or growth fund.

Contact Emily about more information on DAFs or consult your financial advisor on how we can partner together to help meet your charitable goals through a Donor Advised Fund.

Donor Advised Funds (DAF) offer year round grant gifting, tax relief AND advisement for gifts!

Luverne Body Shop
delivers personal
service from
comforts of indoors

Kevin purchased the business in 1990 from Verlon Shearer in the shop downtown, and since then, Luverne

Body Shop has kept up with changing cars, changing technology and changing times.

Kevin and Mary Aaker moved Luverne Body Shop to 920 Commerce Road, north of Papik Motors, in the industrial park in December 2016.

Their building on Commerce Drive is 100 by 140 feet and features an expansive shop (three times bigger than their old one), a modern paint booth, main floor office and customer waiting area and an upper level staff lounge and meeting space.

But it didn't take long to fill the service bays with business, which keeps growing as word gets out about Luverne Body Shop's quality work.

Andrew Hemme has joined the management team and works directly with customers and insurance personnel.

Andrew said that in addition to reliable auto body work from Luverne Body Shop's team of techs, customer loyalty

stems from personal relationships with local insurance companies, claims staff and the clients they share in common.

"We'll handle your insurance claim, get you an estimate and if it helps even pick up and deliver your vehicle," Andrew said.

Mary added that many accident victims feel lost in the insurance paperwork, and it's comforting to have Luverne Body Shop guide them through the process, even if it's an online insurance company with no agent there to help them.

"In the end we are here to help the vehicle owner get back on the road with as little stress as possible."

Luverne Body Shop's team of auto body specialists has completed Gold Class I-CAR training, a prestigious certification in their industry.

Dozens of local contractors rely on the Luverne Building Center as a key supplier for projects large and small and for expert computer-aided designs.

But through the years, the downtown business on Maple Street has also become a user-friendly stop for do-it-yourselfers and homeowners.

A patio in the lobby serves as a real-life example of composite deck flooring and railings, and a life-size enclosed sunroom illustrates dozens of products, all in one display.

It shows examples of shingles, trim, siding, windows, patio doors, deck flooring and railings and other exterior products. The inside shows flooring choices, different styles of window trim, wall covering ideas, fireplaces and surrounds and more.

"We've turned it into something more appealing for women," said Mike Mead, Building Center owner.

"We used to be a lumberyard and a contractor's lumberyard; now the ladies can come in and get an idea of what a finished product looks like."

The shift toward customer service in the showroom has opened doors to a more diverse clientele Mead said.

"We can offer advice from professionals with actual construction experience." And that, he said,

is a priceless benefit of doing business locally — the experts are nearby to help if needed and to stand by products that are purchased in Luverne.

Mike and his son, Nick Mead, purchased the business from Sam Berghorst in 2017. Mike has been with the business for 19 years and managed it for the past 12 years. Nick has 11 years of experience at the Building Center.

"We'll keep a good thing going is how I look at it," Mike said. "It's been going well for quite awhile, thanks to good customers and good contractors."

Nick agreed. "We'll continue to provide good products and great customer service," he said, adding that ownership will be a big step.

Luverne Family Dental is a general dental practice providing a full range of dental services, including cleanings, fillings, extractions, same-day crowns and teeth whitening. We also use a nitrous oxide sedation machine. The friendly professionals provide services to all age groups, and the office accepts and will file with most insurance companies.

Dr. Vis stays current with all new procedures through many hours of continuing dental education. The clinic has the most up-to-date dental equipment to provide each patient with the highest quality of care and the latest in dental technology. We have recently upgraded our CEREC same day crown-making machine to make same day crowns even more comfortable, and we now have the capability to restore implants same day chairside as well.

We also have a new laser machine at Luverne Family Dental. Dr. Vis is among one percent of dentists nationwide to introduce laser services to her patients. The FDA-approved technology offers dental care that requires no needles, no numbing, no drilling, no pain and no need for referrals outside Luverne. To treat a cavity, for example, the laser can pinpoint the area of decay and prepare only that part of the tooth for the filling.

Ultimately, though, the best feature of Luverne Family Dental is how well the highly trained staff work together as a team to provide comprehensive care for all their patients.

Call us at Luverne Family Dental, 507-283-9129, to schedule appointments for your family today. We are accepting new patients and look forward to meeting your dental needs.

You can change the name but you can't change the people. Security Savings Bank in Luverne, MN may have a new name but you still get the pleasure of working with the same great staff in Luverne as you have in the past. On January 1, Exchange State Bank merged with Security Savings Bank and the offices of Hills, Ellsworth and Luverne took on the name of Security Savings Bank. Exchange State Bank and Security Savings Bank were both owned by the Bonander family. The Bonander family saw an opportunity to streamline operations and strengthen capacity by merging into one charter. "We still have the same leadership as we had prior to the merger," says Tim Plimpton, president and CEO of Security Savings Bank. "You will still see Don, Tyler and myself working hard to build lending relationships. Nicie and Theresa are assisting us daily in the Lending department. Our front line staff, Sheryl, Brent, Carol and Dani do a great job making sure our customers day to day banking needs are being met." Says Market President Ryan DeBates. "We have a great group of employees with a long history of employment at the bank. Our goal is to give our employees lifelong careers. Carol Nelson is an example of a great employee that has had the privilege of working with a great employer as she is coming up on 50 years of employment with us."

Security Savings Bank started in 1920 in Granite, Iowa. It moved to its current headquarters to Larchwood, Iowa in 1934 and moved its charter to South Dakota in 2014. Now with the recent merger, customers can bank at all eight locations in Hills, Ellsworth and Luverne MN, Larchwood, Inwood and George IA, Canton SD and the recently added location in Sioux Falls, SD. "There are a lot of people who live in these communities and work in Sioux Falls. For them to be able to stop in Sioux Falls and do business will be really convenient." says Plimpton.

Security Savings Bank offers business banking and agriculture banking. They have expanded their mortgage lending department and recently added trust services and wealth management. Personal banking features are ever changing as more transactions are being done through mobile banking and mobile deposit. Security Savings Bank offers competitive rates on CD's, loans and mortgage products. DeBates says, "We are still a local bank with local ownership and we are able to make local decisions. We want to be involved in our communities and with our customers and together we can all succeed." To find out more about the bank, locations or product and services offered, please visit bankwithssb.com.

VanDerBrink Auctions, LLC understands that years of hard work went into your collection, Land, and Farm. It is also part of your family legacy and a big decision when it comes time to sell. It's our job to turn your assets into cash and tell the story for your family. It's important to

work with an auction company that has the experience, expertise, marketing, and online skills to develop an auction plan specific to your circumstance. It's also important to work with a company that understands your collection and inventory and can conduct a professional auction for you. VanDerBrink Auctions, LLC specializes in auctions of collector cars, parts, antique tractors, motorcycles, memorabilia, but also sells Land/farm sales and auctions of all kinds. VanDerBrink

Auctions, LLC has worked with many auctions. Yvette VanDerBrink realizes the importance of getting classics in the hands of collectors.

VanDerBrink Auctions, LLC has sold many private collections, liquidated museums, and many barn finds & survivors, projects, and loves those older salvage yards.

VanDerBrink Auctions, LLC works personally with all our sellers to develop a personalized auction plan for the collection/auction.

VanDerBrink Auctions, LLC brings our excellent advertising and marketing skills to work for your auction's success. VanDerBrink Auctions uses a variety of multi-media applications to reach bidders from your backyard to around the world to obtain the best price auction day. The internet and social media such as Facebook, Instagram,

Twitter, YouTube have changed the world of advertising. VanDerBrink Auctions uses a strong social media presence to promote your auction to success, but looks at many other areas from print to video. Yvette is a writer, and uses these skills to develop a Press Release to tell the story of your auction and develop a legacy and strong marketing content. VanDerBrink Auctions, LLC has also been featured on several TV shows including a 3-hour Special on the History Channel and also on Fox Business. Who knows, maybe your auction will be featured next?

The internet has created different options to conduct and promote your auction. VanDerBrink Auctions, LLC not only conducts your auction

onsite, but online to increase and in turn, more money. If you have a smaller collection or maybe don't like crowds of people, VanDerBrink Auctions, LLC also can conduct your auction in an online only format. We have been doing Online

Aspect of auctions since 2004. VanDerBrink Auctions works to develop an auction plan just for your auction. VanDerBrink Auctions has conducted everything from seated catalog auction with large screens, to walking out in the field, on the farm, and even a ballroom auction for Land. We can develop a specific plan for your auction and collection. We like to make your auction, not just an auction, but an event people will want to be part of.

Yvette VanDerBrink says, "It's always fun to work with families to show them treasures that they have and the value of what they have been collecting. There are so many people that don't realize what they have until often it's us, that's lets them know they have a treasure." One of these instances was the now infamous, Lam-

brecht Chevrolet auction in Pierce, NE in 2013. Yvette worked with the family, and turned what they thought was a "not a big deal" into noted as #3 Most Earth Shattering Auction in the World. Over 20,000 people ventured to a soybean field in Nebraska for a chance to see New Chevrolet cars and trucks that had been squirreled away by Mr. Ray Lambrecht.

VanDerBrink Auctions worked with the Rietz Mopar Collection in South Dakota in 2018. Yvette showed the family that they weren't just junk, but

a horde of valuable Mopars. About 4,000 people ventured from all over the world in person and hundreds bid online for the chance at Alan's Cars. But it was the "Chicken Picture" that Alan bought of a naked lady that Linda Rietz hated that brought her to tears when this \$5.00 swap meet purchase brought \$3,000.00 at the auction. That's marketing! The Rietz Collection was also the featured story and cover of August 2018 Hot Rod Magazine.

The Olson Family in Wisconsin had a shed with approx. 40 vehicles covered in Raccoon poop. They saw no value but were told to call Yvette VanDerBrink-VanDerBrink Auctions, She'll help you.

Yvette VanDerBrink let them know the good news! 5 Exceptionally rare and sought-after cars including 2 1959 Cadillac Eldorado Biarritz Convertibles, a 1953 Buick Skylark Convertible, and more 1959 Cadillacs. What the family thought was scrap, brought over \$275,000 for the family in an Online Only Auction. Tom Brown horaded GM Muscle cars and parts for over 40 years in Michigan.

VanDerBrink Auctions brought the collection to auction in August of 2018. Bidders came from all over the US in person and online and brought the seller more than he anticipated and helped him purchase a farm.

If you are thinking of having an auction and selling your collection, Land, Farm, or settling an estate, VanDerBrink Auctions, LLC has a proven track record to turn your assets into cash. Give us a call and let's talk about how we can help you. The auction method proves time and time again, that any auction that is well advertised with proper marketing will bring what the market will show that day in time. The auction method is also the ONLY way to get a seller more than they may anticipate. There are so many examples we can show you on how VanDerBrink Auctions, LLC can work for you. Yvette VanDerBrink, also understands personally how an auction works. "I've been on both sides. I've had an auction myself, so I understand all the emotions that are involved with selling. I've also sold several close friend's collections, and also my Dad's famous 1957 Chevrolet Collection in 2003. So, I understand how important of a decision it is to have an auction and what is involved." It doesn't matter if your collection is in a field, museum, or scattered on a farm hidden in buildings, VanDerBrink Auctions, LLC wants to with you and your collection. Local owners continue longtime reputation of Wayne's Body Shop in Luverne

Tim Walgrave and Josh Vanden Hoek purchased Wayne's Body Shop in Luverne, bringing more than 40 combined years of body shop experience to the business.

Wayne's Body Shop initially opened in 1964 by Wayne Walgrave, who retired in 2010 after 45 years in the business.

"We kept the Wayne's Body Shop name, because of its reputation," Tim said.

"Wayne always said, 'Quality since 1964' and that's our No. 1 priority, too."

Josh has 18 years of experience in auto body work — primarily in paint and finish, and Tim has 25 years of experience — primarily in collision repair and frame work.

"It's a good fit that way," Tim said about the partnership that began in 2018 when they bought the shop.

The two have worked together at other shops in Luverne and now bring their unique skills together for a venture of their own.

The two have worked in Luverne most of their lives and have built a list of loyal clientele.

Josh said, "We do quality work; no corners cut."

In addition to their years of experience, Walgrave and Vanden Hoek carry a hefty list of certifications to back up their promises.

Both have completed training for the prestigious "Gold Class I-CAR" certification through the Inter-Industry Conference on Auto Collision Repair.

Tim is also I-CAR certified in steel sectioning welding, aluminum welding and steel MIG (metal inert gas) welding.

Josh is certified in PPG (Pittsburgh Plate Glass) refinishing, and he uses the Envirobase High Performance system for his paint work.

"It's cleaner and there aren't as many solvents to deal with," he said.

Tim and Josh offer free computer estimates and work with customers' insurance companies on claims.

The business is located at 310 W. Hatting Street and can be reached at 449-8315. Office hours are 8 a.m. to 5 p.m. Monday through Friday and 8 a.m. to noon Saturdays.
